I just noticed that I have been responding to Derrick who was forwarding this to me and your email wasn't getting it...

My apologies for this terrible delay in getting back to you totally slipped my mind until going through a few things yesterday. If you haven't sorted flowers out already, which I would understand if you did, I will keep the same prices as last year on baskets and pots and give you an official quote. As for replacing the centres with tropicals, a decent sized one starts at \$30 and we charge \$2000 for storage for 40 plants for the winter (which is actually half of our regular fee) so not sure that is still of interest for us to quote on.

We can still match the store pots for any business needed for \$40 per pot (billed to each business or collectively to the BIA) I suggest swapping out the summer flowers for a 12" Fall mum which could be dropped off beginning of September at \$25 per pot including delivery.

I will send an official quote if you are still in need

Michelle

Subject: Central Huron BIA Flower Quotes

Good morning,

I am sending an email on behalf of the Central Huron BIA. Dawn and myself were into Grey Haven in September to discuss Clinton's downtown flowers for 2024. After our meeting I sent an email to Michelle's email with the quotes we are looking for. After changing our budget we have allocated a large portion towards flowers in the hopes of bringing them to Clinton all year long.
